## Company Profile

VARIANT POLY LINK was established in the year 2001 with a vision to provide products with innovative features. Today Angel is the leader in terms of quality & design of ball valves. It is one of the leading companies in India which is manufacturing lead free PVC ball valve. Time and again company has come up with innovative ideas to lead the market by introducing new products like CPVC ball valve. The material is imported from the world's leading CPVC manufacturing company, which proves that company has always maintained variety of health and product performance standard. Angel's view about quality and advanced product range is supported by its state-of-the-art equipment installed at the plant and technical know how available from the strategic alliance with world leader in plastic ball valve system.

## Quality Policy

It is the policy and objective of VARIANT POLY LINK to produce superior quality products suitable for its intended use, with regard to functionality, structural integrity and conformance to established industry standard and practices. It is the commitment of this company to do so in a manner which provides consistency of product quality, optimum availability and superior customer service, while maintaining efficiency of operations and profitability necessary to perpetuate product improvement and customer satisfaction. Furthermore, it is recognized that the attainment of these objectives is the responsibility of all company operations and personnel according to their respective functions.

## Why Angel P.T.M.T. SYMET Bath Fittings ?

Angel P.T.M.T. SYMET is a fusion of toughness, temperature & stress resistance of metal and light weight, atmospheric immunity and cost effectiveness of plastics.

Angel P.T.M.T. SYMET has a host of advantages over their metal or plastic counterparts.

High Temperature  
Stability upto 120°C

Safety Against  
Thief

100% Foodgrade  
and Hygienic

Environment  
Friendly Material

Easy to Clean

Long Life

Easy to Install  
and Maintain

Scratch Resistant

Ideal for  
Hard Water

Quality Standard

No Scaling  
as in Metal

Wild Colour &  
Design Option

### Zero Drop Advantage

It's high time that we start respect water and save every drop of it from wastage. In-fact there is an extreme shortage of potable water around the globe. That's why Angel P.T.M.T. SYMET faucets have been uniquely designed with a Zero Drop feature that means that its dripless faucets do not let even a single drop of precious water from getting wasted, once they are closed.
